Fall Recruitment

School has started back, and now's the time to get some new members in your units. The Council has great fliers available and they can be customized with your meeting time and place. Schedule your School Nights today. Already had one? make sure to turn in your new recruit applications (youth and adult) as soon as possible. If you would like help conducting a School Night, contact your District Executive.

Committee Volunteers Needed!

Are you or someone you know looking for a new way to give back to the Boy Scouts? Do you want to take action and participate in the decision-making on a district level? Well, now is the time to volunteer for a position on your district's committee! There are many positions that need to be filled. If you're good at finances, marketing, commissioner service, event organization, district planning, or any other area of service, there's a place for you on your district committee. Call your District Executive and find out how you can help.

Do you know how to count?

As the end of the year approaches, the dreaded task of counting every patch in the Scout Shop is close at hand. The Council is asking for help from any adult that would like to assist with this year's inventory. If we can get enough volunteers to help the Council staff on January 29th, we might not have to count in the New Year with patches. If you would like to help, please contact Cecilia at the Council Service Center. Lunch will be provided to all those who help make this frightful task less gruesome.

Rechartering

It's time to recharter again. If you haven't picked up your rechartering packet yet, they are available at the Council Service Center or through your Commissioner. IEC Recharter Night is scheduled for Thursday, December 2nd @ 6pm and Foothills Recharter Night is scheduled for Wednesday, December 1st. If you have any questions, contact your District Executive.
