### **Safety Moment:** [CPR](#) and [AEDs](#).

An important part of how a pack or troop can "Be Prepared" is to make sure these lifesaving skills and equipment are kept up to date. This safety moment reminds us to not just plan but to take action to prepare.

### **Hot Topic:** [Scout Leader Training Awards](#).

Let's start with "every Scout deserves a trained leader." Add to that the example we set when a leader sets goals, accomplishes each required step, and gets recognition for completing the path. Just as a Scout works through their advancement plans, so too should a leader complete the appropriate steps for Scout leader training awards. Check out the progress charts at the bottom of the [Training webpage](#).

### **Cub Scout Leader Session:** [Planning Blue and Gold Events](#).

Every year, we celebrate Scouting's anniversary around Feb. 8 when the BSA began. In Cub Scouting, we usually celebrate with a pack event — an awards dinner or luncheon, a potluck picnic, whatever. It should be one of the highlights of the pack's program year. Come learn about some great ideas for this fun party.

### **Scouts BSA Leaders:** [Serving Scouts with Disabilities](#).

This session will go over for leaders and parents the basic knowledge and skills needed to work with Scouts who have special needs. We'll introduce to you all the latest printed, online, and fellow Scouter resources that are available. See especially the [Scouting.org webpage](#) and the [Inclusion Toolbox](#).

### **Commissioners Breakout:** [Rechartering & Membership](#)

It's the beginning of the year! Let's reach out to those leaders who have taken on new positions and find out how to help them succeed.
